# Emery Smith, 1992-94

“The Earth is more like a honeycomb than what we’ve been taught in our schools. There are many, many different caverns and ecosystems.

I’ve seen large lakes, both freshwater and saltwater, and areas as large as 6 miles across... Its very light down there, because the air is filled with bioluminescent organisms.”

# Radu Cinamar, 2017

Member of the Romanian Secret Service, investigating paranormal and ET-related cases.

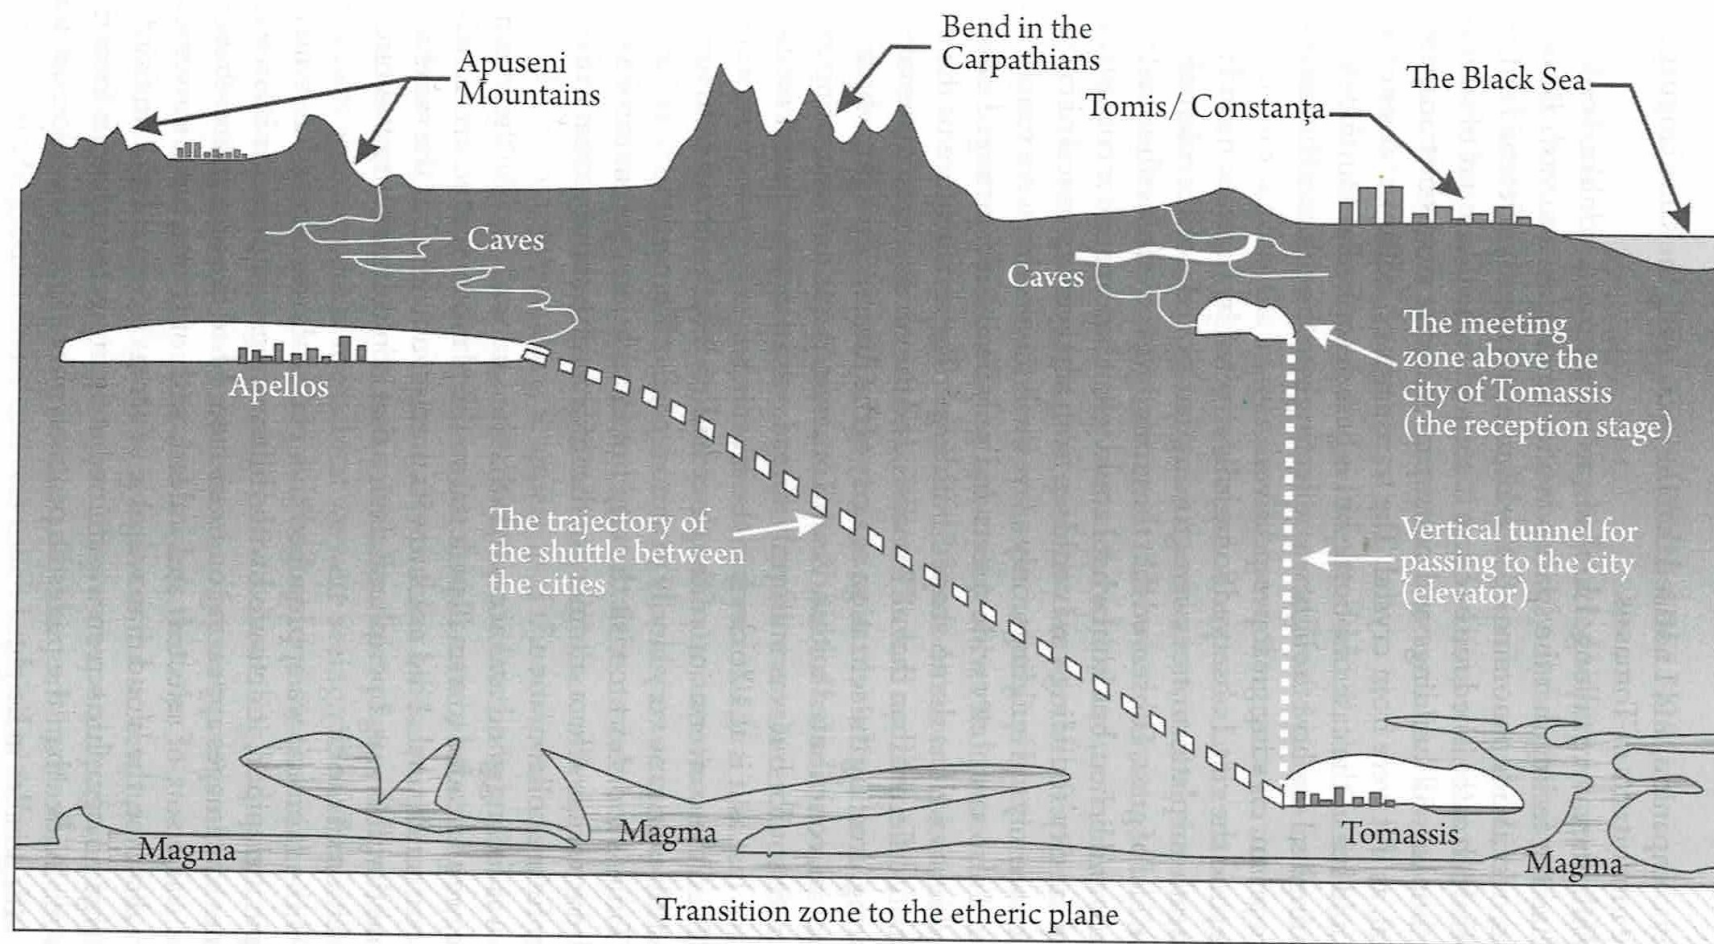

Visited multiple cities in Inner Earth, using portals and dimensional vehicles to travel between them.

# Communications from Inner Earth

# Cusco of Machu Picchu, 2006

An elder of the  
Inner Earth city, as  
told to Aurelia  
Louise Jones via  
telepathy.

His people have  
been helping to  
preserve the rain  
forests of South  
America.

# Cusco of Machu Picchu, 2006

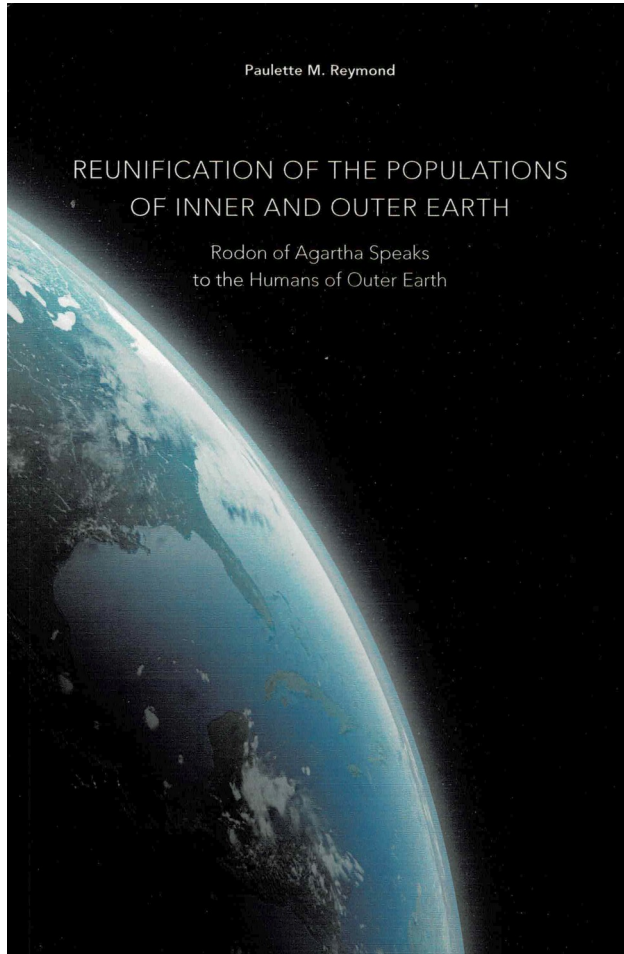

“In our city we are beings at the level of the upper fourth and fifth dimension.

We are quite involved in the preservation of the ‘Rain Forests’ which is so important for the life and welfare of the planet.

Without our intervention, there would be none left at this time.”

# Rodon of Agartha, 2020

A chief of Agartha, as told to Paulette M. Reymond via telepathy.

Peoples of Inner and Outer Earth will soon re-unify, as the planet has passed into a zone of high, 5<sup>th</sup> density energy.

# Rodon of Agartha, 2020

“The population of Agartha is living in agrarian communities. We are all connected to each other with telepathy, much like your internet.

We are a sensuous people. We love all kinds of art and expression.

You and your children will build a ‘Golden Age’ on Earth and we, the Agarthans, will help you do so.”

# Arkelios, 2024

Wizard from an Inner Earth kingdom, located beneath the Baltic Sea.

Communicates with Elena Danaan via telepathy.

His people stand ready to help us, as we come into the light.

# Arkelios, 2024

“Do not think that below your feet hide caverns and undergrounds dark and humid; under your feet, under your towns, exists a kingdom.

Who populates this kingdom are races of which you've never seen, the beauty, the magnificence and magic, for people of the surface have forgotten about the magic of the world.”

# The Frequency of Love

# Spectrum of Emotions

Enchantment
Delight
Gratitude
Love
Understanding
Acceptance
Hope
Trust
Courage
Anger
Desire
Fear
Grief
Apathy
Guilt
Shame

Emotions such as shame, grief, and anger feel heavy and have a low rate of vibration.

Hope, love, and gratitude feel uplifting and have a much higher vibration.

These vibration rates correspond to sub-layers or regions in the astral plane.

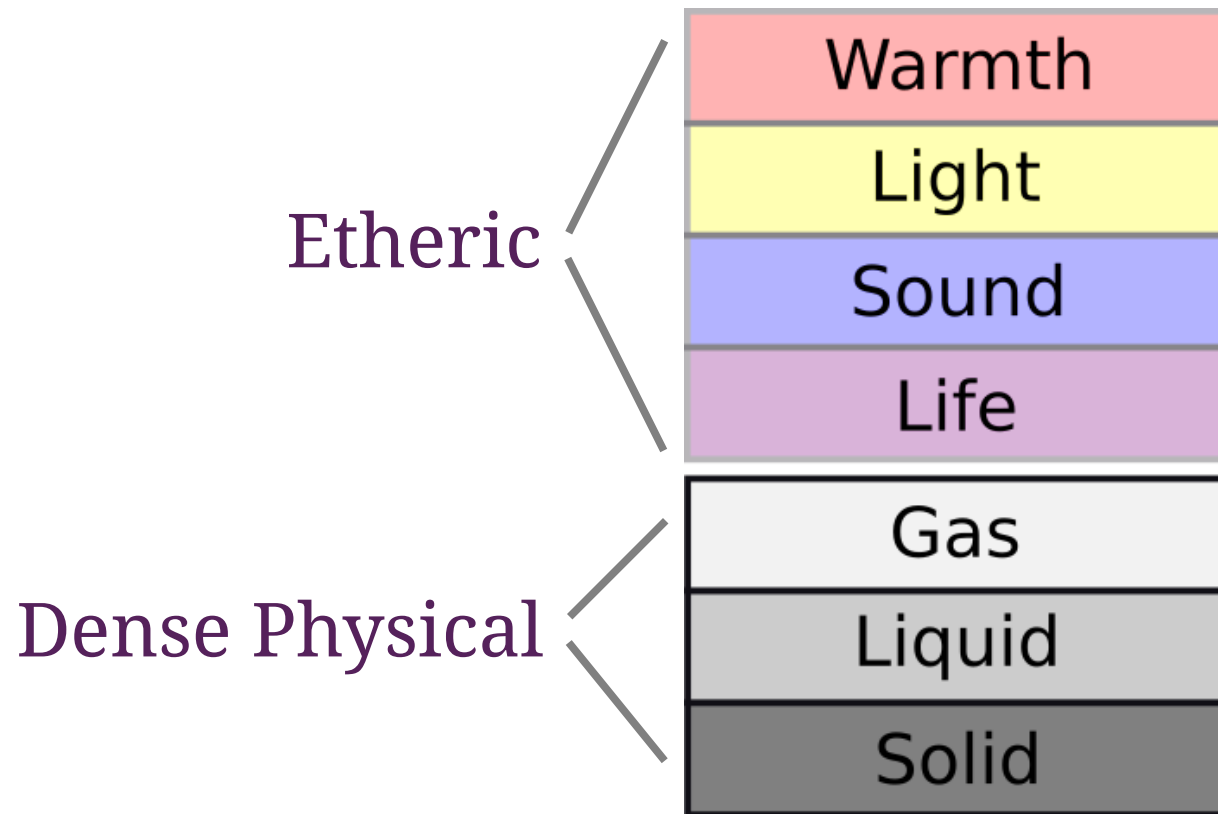

# Spectrum of Densities

Nature has *worlds within worlds*, the so-called ‘planes’ of varying density that interpenetrate each other.

A density is like an octave on a piano. It contains layers/notes in order of increasing frequency.

Higher Density == Higher Frequency

The Physical Plane, also known as the 3<sup>rd</sup> Density, includes seven layers, in two groups:

The Astral Plane, also known as the 4<sup>th</sup> Density, also includes multiple layers or regions.

Human souls exist here between lifetimes, as well as other non-physical beings.

The lowest layers are dark and scary, with dark entities and demons of Earth.

# Emotions Matter

The emotions we express affect our well-being in this life, and in the after-life.

Low frequency emotions degrade our health. They also attract dark entities and demons.

High frequency emotions improve our health, and render us invisible to the bad guys.

The Mental Plane, also known as the 5<sup>th</sup> Density, is the realm of angels and other highly evolved beings.

Our thoughts and the color of our emotions are clearly visible to 5<sup>th</sup> density beings.

This is where we are headed.

# Benefits of Practicing the Frequency of Love

- 1) Improves your health and appearance.
- 2) Protects you from dark astral entities and demons.
- 3) Helps your Star Family find you.
- 4) Helps our society evolve into a planetary civilization.

# Star Nations

# A Brief History

Terra (Earth) has been a colony planet for hundreds of thousands of years.

The Anunnaki are an ancient race that colonized Earth to extract rare minerals ~ 372,000 BC.

Masters of genetic engineering, they improved indigenous primates when their lower-caste workers rebelled.

# A Brief History, part 2

A schism between military ruler Enlil and chief scientist Enki led to battles over DNA and bloodlines.

Enki had crafted our DNA to include great potential for spiritual growth.

Enlil was furious; he wanted docile slaves instead. This conflict is told in ancient Sumerian tablets.

# A Brief History, part 3

Over time other colonists arrived, including the Alteans who founded Atlantis ~ 32,400 BC.

Civilizations rose and fell; wars over territory and resources were fought as the climate changed.

The most advanced civilizations migrated underground.

By Elena Danaan, 2022

# A Brief History, part 4

As the great flood was imminent, Alteans preserved their technology in 'Halls of Records' around the planet.

These were protected by frequency barriers and remain hidden today.

The Ciakahrr Empire (Draco Reptilian) has been in control of the surface since ~ 3700 BC.

# Draco Reptilians

Up to 25 feet tall, with scales, and beige or green/brown coloring.

Because of their size, psychic ability, and wings, they have been called dragons.

They live underground and interbreed with humans for control.

# The Dark Alliance

The Nebu Empire (Orion Greys) arrived in the 1940s, leading to the infamous Majestic-12 agreements with the Eisenhower administration.

The Nebu joined with the Ciakahrr and the German *Nachtwaffen* (Dark Fleet) based in Antarctica.

Advanced beings who watch over Nataru (aka, the Milky Way) recognized the Dark Alliance as a serious threat.

The Galactic Federation of Worlds, a powerful military organization, decided to intervene.

This had to be done carefully, as not to violate the Prime Directive.

# Star Seeds

# Starseed Transmissions, 1982

Introduced Starseeds to popular culture.

Starseeds come from other worlds with a specific purpose:

To help with the awakening of humanity.

# The Starseed Mission

Envoys from many star systems agreed to incarnate on Earth, and be raised as citizens of Terra.

As envoys awaken and recognize their mission, they help to raise everyone's vibration

... and comfort those who are confused or frightened by rapid changes in the world.

# Solar Warden

# Building a Starfleet

Since the early 1950s, the Galactic Federation has been helping the US Navy develop a defensive space fleet.

The project was called Solar Warden.

By the mid-1980s, eight large space carriers and dozens of other craft were operational.

## Solar Warden Space Fleet

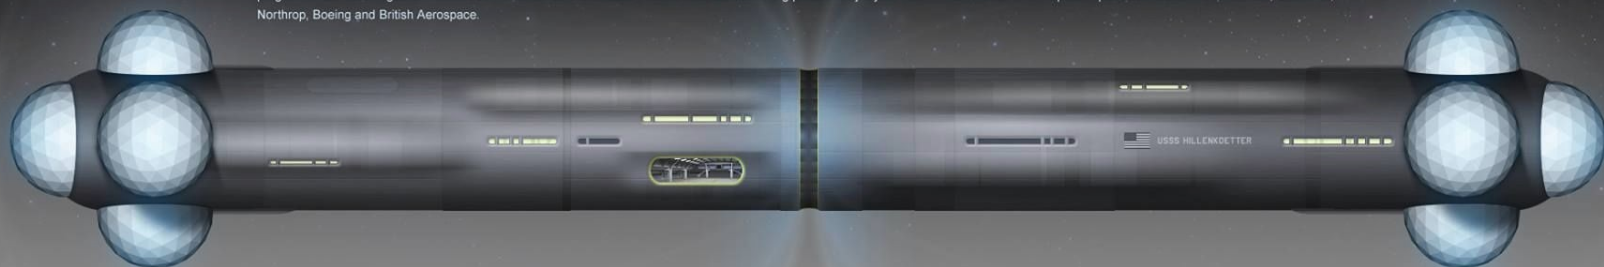

# USSS HILLENKOETTER

**Date of Commission:** 1988

**Type:** Classified Interplanetary Exploration Spacecraft (Sol)

**Purpose:** According to famed internet hacker, Gary McKinnon, these spacecraft are part of the "Solar Warden" program and the US currently operates eight of these ships. They are said to be part of a secret military space program spearheaded by the US Naval Space Weapons Division (MILAB). McKinnon found several files listing "non-terrestrial officers" as well as "ship to ship transfers" with ship names that don't exist in the US Navy, namely the USSS Hillenkoetter and the USSS Curtis Lemay. One of the photos he managed to view was, in his words, "...above earth's hemisphere...it kind of looked like a satellite, it was cigar shaped and it had geodesic domes above, below, to the left and right and on both ends of it. Although it was a low resolution image it was quite close up." These craft are said to be longer than two football fields placed end to end and nearly as long as an aircraft carrier.

Combined with testimony from MILAB whistleblower Corey Goode regarding the Solar Warden ships, we are able to piece together a possible look and feel of the ships they both discuss. Given that this program would have begun in the late 80's it's reasonable to assume it would look like something produced by a joint venture between all of the top aerospace manufacturers of the time; Lockheed, Northrop, Boeing and British Aerospace.

# Cosmic Disclosure

# The Disclosure Game

UFO sightings increased steadily in recent years. This was to prepare for public disclosure of friendly ETs.

The Deep State has tried to delay disclosure, as it struggles to launch another World War.

The GFW has disarmed nuclear weapons on multiple occasions.

# A Policy of Deception

The Deep State has confused and misled the public about ETs since the late 1940s.

This was justified with the goal of protecting national security.

But it also protected the fossil fuel industry and big pharma.

# Consequences

The situation has now changed -- negative ETs have been banished from our star system; only their human minions remain.

They are afraid of prosecution, having used deadly force to suppress the truth

... and of public rage, when the truth finally comes out.

Clavis ~ The Key

# Clavis ~ Chapter 6

ETs have visited Earth since the dawn of time; our DNA is the result of genetic engineering and inter-breeding.

Negative ETs have been swept from our star system, by an alliance of friendly ETs and Earth military.

The frequency of love is key as we join the greater community of Star Nations.

Thank You
